**Re: PROJECT NUMBER TR070854-(5)
VESTING TENTATIVE TRACT MAP NUMBER 070854-(5)
FIFTH SUPERVISORIAL DISTRICT/THREE-VOTE MATTER**

Dear Supervisors:

Your Board previously conducted a duly-noticed public hearing regarding the above-referenced project to authorize the development of 18 condominium units within five detached buildings with 10 guest parking spaces, a recreational area with a children's play area, a barbeque, a trash enclosure, and landscaping on approximately one gross acre of land located at 5622 and 5624 Walnut Grove Avenue within the unincorporated community of San Gabriel applied for by Patrick and Gertrude Lu.

At the conclusion of the public hearing, you indicated an intent to approve the project and instructed us to prepare findings and conditions for approval. Enclosed are findings and conditions for your consideration.

Very truly yours,

JOHN F. KRATTLI
County Counsel

By

Elaine M. Lemke

Sachi A. Hamai, Executive Officer, Board of Supervisors

**FINDINGS OF THE BOARD OF SUPERVISORS
AND ORDER
VESTING TENTATIVE TRACT MAP NUMBER TR070854-(5)**

1. The Los Angeles County ("County") Board of Supervisors ("Board") conducted a duly-noticed public hearing in the matter of Vesting Tentative Tract Map No. TR070854-(5) ("Vesting Map") on March 25, 2014. The Vesting Map was heard concurrently with Conditional Use Permit No. 2008-00180-(5) ("CUP"), Plan Amendment No. 2008-00010-(5) ("Plan Amendment"), and Zone Change No. 2008-00008-(5) ("Zone Change"). The County Regional Planning Commission ("Commission") previously conducted a duly-noticed hearing on the Vesting Map, CUP, Plan Amendment, and Zone Change (collectively the "Project") on October 30, 2013.
2. The subdivider, Patrick and Gertrude Lu ("subdivider"), proposes to construct 18 new condominium units within five detached buildings on approximately one gross acre of land.
3. The Vesting Map is a request to create one multi-family lot to construct 18 new condominium units, five detached buildings, with 10 guest parking spaces, a recreational area with a children's play area, a barbeque, a trash enclosure, and landscaping. The one multi-unit lot will be created by merging two existing single-family lots.
4. The Project site is located at 5622 and 5624 Walnut Grove Avenue within the unincorporated community of East San Gabriel ("Project site").
5. Primary vehicular access to the Project site is provided via Walnut Grove Avenue, a designated secondary highway on the County Master Plan of Highways, to the west of the Project site.
6. The Project site is approximately one gross acre (0.91 net acres) in size, rectangular in shape, with flat terrain. The site is currently developed with four single-family residences and two garages.
7. The surrounding land uses are as follows:

North: Single-family residential, multi-family residential, and commercial;
South: Clustered single-family residential;
East: Parking lot and a Southern California Edison ("SCE") easement; and
West: Single-family residential.
8. The subject property is zoned A-1-10,000 (Light Agricultural with a 10,000-square-foot minimum lot size).

9. The surrounding properties are zoned as follows:
North: R-2 (Two-Family Residence) and C-3 (Commercial/Light Manufacturing City of San Gabriel ("City"));
South: A-1 (Light Agricultural);
East: Commercial/Light Manufacturing (City); and
West: R-2 and A-1.
10. The subject property is designated Category 1-Low Density Residential ("Category 1") in the Los Angeles Countywide General Plan ("General Plan").
11. The Plan Amendment is a related request to amend the General Plan designation for the Project site from Category 1 to Category 3-Medium Density Residential.
12. The Zone Change is a related request to change the approximately one-gross-acre Project site from the A-1-10,000 zone to the R-3-DP zone (Limited Multiple Residence with a Development Program ("DP")).
13. The CUP is a related request to ensure compliance with the requirements and standards of the proposed DP so that the development occurring after the zone change will conform to the approved plans and be compatible with the surrounding area.
14. Approval of the CUP and Vesting Map will not become effective unless and until the Board approves the Plan Amendment and adopts an ordinance implementing the Zone Change, and such Zone Change ordinance becomes effective.
15. The site plan for the Vesting Map and CUP, labeled Exhibit "A," dated December 7, 2010, depicts the Project site with 18 condominium units in five detached buildings, 10 guest parking spaces, a children's play area, a barbeque area, trash containers, and landscaping. The maximum height for the proposed condominium buildings is 33 feet.
16. Exhibit "A" also shows that the Project will comply with the East Pasadena-San Gabriel Community Standards District ("CSD") regarding structure height and setbacks from neighboring properties. The CSD requires that for properties in the R-3 zone, which is the zoning sought for the Project, if any part of a structure exceeds 17 feet in height on a lot located adjacent to a single-family residential zone, the maximum height of the structure at five feet from the property line shall be 10 feet and any portion of the structure that exceeds 10 feet in height shall be set back an additional foot for every additional foot in height. The Project is not adjacent to a single-family residential zone. However, for that portion of the Project abutting the R-2 zone, the Project will comply with these CSD requirements.

17. The CSD requires that for R-3-zoned properties, the minimum front yard depth of the lot be equal to the average depth of all front yards on the same side of the street and the same block. The 18 properties on the same side of the street and same block as the Project site, 17 on Walnut Grove Avenue and one on the corner of Walnut Grove and Broadway Avenues, have an average front yard setback of 18.7 feet. The Project structures comply with this requirement by providing a 20-foot front yard setback from the structure closest to the street.
18. The Project will require approximately 800 cubic yards of grading, which will consist of approximately 380 cubic yards of cut and 420 cubic yards of fill. The 420 cubic yards of fill will consist of the 380 cubic yards of cut and 40 yards of imported fill.
19. A density analysis was conducted for the Project area to assess the Project's compatibility with density in the surrounding area. The analysis considered the density of 23 surrounding properties. Of the 23 properties, five contained single-family residences and the remaining 18 contained at least two units per parcel. The average density of these 23 properties was 14.95 units per acre (80 units on 5.35 acres). The analysis separately considered 11 of the 23 properties that, like the Project, were located immediately adjacent to a commercial use. The average density for these properties was 20.18 units per acre. The Project will have a density of 18 units per acre, which the Board finds is consistent with the average densities in the surrounding area.
20. On March 25, 2014, the Board held its public hearing on the Project. County Department of Regional Planning ("Regional Planning") staff presented the Project to the Board, and advised the Board that the Commission had approved the Vesting Map and CUP, and recommended that the Board approve the Plan Amendment and Zone Change. At the Board hearing, Regional Planning staff confirmed that a survey regarding the Project was sent to 104 property owners near the Project site. Responses from the survey showed that 44 of these owners supported the Project, three opposed it, and 57 did not respond.
21. Three individuals testified at the Board hearing opposing the Project. Among the issues raised by these opponents were the availability of water, the Project's density, the Project's traffic impacts, and whether a traffic light should be installed at the intersection of Walnut Grove Avenue and Las Tunas Drive. In response to these concerns, Regional Planning staff advised that sufficient water will be available for the Project based on a will-serve letter issued by the involved water agency. Also as a result of the Mitigated Negative Declaration ("MND") prepared for the Project, Regional Planning explained that traffic fees to the City would be required, and that installation of a traffic light at the intersection suggested by the opponents was not needed. Finally, Regional Planning staff stated that the density analysis discussed above showed that the Project density would be compatible with the surrounding area.

22. On October 30, 2013, the Commission held its duly-noticed public hearing on the Project, where Regional Planning staff gave a presentation to the Commission and responded to the Commission's questions. At the hearing, the subdivider's representatives testified in favor of the Project and presented a rendering of the Project. One other person testified at the hearing, raising concerns regarding parking, traffic congestion, and the density of the Project.
23. After completion of the testimony, the Commission closed the public hearing, approved the Vesting Map and CUP, and recommended approval of the Plan Amendment and Zone Change to the Board. When the Commission makes a recommendation to the Board regarding a Plan Amendment or Zone Change, any related entitlements are deemed to be called up for review by the Board pursuant to section 22.60.230 B.2 of the Los Angeles County Code ("County Code").
24. An Initial Study was prepared for the Project in compliance with the California Environmental Quality Act (Public Resources Code section 21000 et seq.) ("CEQA"), the State CEQA Guidelines, and the Environmental Document Reporting Procedures and Guidelines of the County. The Initial Study identified potential impacts to the environment from the Project without mitigation. An MND was therefore prepared, imposing mitigation measures for traffic impacts, library facility impacts, and hazardous materials impacts from the Project. These mitigation measures have been agreed to by the subdivider. A Mitigation Monitoring and Reporting Program ("MMRP") has been developed and the subdivider is responsible to submit annual mitigation compliance reports pursuant to the MMRP.
25. The Board finds that the proposed subdivision and the provisions for its design and improvement are consistent with the density goals and policies of the General Plan, as amended by the Plan Amendment.
26. The Board finds that domestic water will be provided to the Project site by the San Gabriel County Water District, sanitary service will be provided by the City, gas utilities will be provided by Southern California Gas Company, and electricity will be provided by SCE. The Project site is located within the boundaries of the San Gabriel Unified School District.
27. The Board finds that the technical and engineering aspects of the Project have been resolved to the satisfaction of the County Departments of Public Works, Fire, Parks and Recreation, Public Health, and Regional Planning.
28. The Board finds that the Project site is physically suitable for the type of development being proposed because the property is relatively level; has adequate space to be developed in accordance with the grading ordinance; has access to a County-maintained street; will be served by public sewers; and will be provided with water supplies and distribution facilities to meet the anticipated domestic and fire protection needs for the Project.

29. The Board finds that the Project is consistent with the uses allowed in the R-3 zone and with the standards of the CSD. The subdivider will also voluntarily comply with the structure height and setback provisions of the CSD by stepping back the second and third story of all structures adjacent to an R-2 zone which contains a single-family residence.
30. The Board finds that the design of the subdivision and the proposed improvements will not cause public health problems, because sewage disposal, storm drainage, fire protection, and geological and soils factors are addressed in the conditions of approval.
31. The Board finds that the design of the subdivision and the proposed improvements will not cause substantial environmental damage or substantial and avoidable injury to fish or wildlife or their habitat. The subject property does not contain any stream courses or high value riparian habitat.
32. The Board finds that discharge of sewage into the public sewer system from this land division will not violate the requirements of the California Regional Water Quality Control Board pursuant to Division 7 (commencing with section 13000) of the California Water Code.
33. This tract map has been submitted as a "Vesting" Tentative Map. As such, it is subject to the provisions of sections 21.38.010 through 21.38.080 of Title 21 of the County Code (Subdivision Ordinance).
34. The Board finds that the Project's conditions will require the Project to comply with the County Green Building and Drought-Tolerant Landscaping Ordinances prior to building permit issuance.
35. Pursuant to the provisions of sections 22.60.174 and 22.60.175 of the County Code, the community was appropriately notified of the public hearing by mail, newspaper, and property posting. Additionally, Project materials were available on Regional Planning's website and at libraries located in the vicinity of the San Gabriel community.
36. The location of the documents and other materials constituting the record of proceedings upon which the Board's decision is based in this matter is the Los Angeles County Department of Regional Planning, 13th Floor, Hall of Records, 320 West Temple Street, Los Angeles, California 90012. The custodian of such documents and materials shall be the Section Head of the Special Projects Section, Regional Planning.

BASED ON THE FOREGOING, THE BOARD:

1. After review and consideration of the MND, certifies that the MND has been completed in compliance with CEQA and the State and County guidelines related thereto, and that the MND reflects the independent judgment and analysis of the Board; determines that the potential environmental impacts of the Project have been mitigated to a level that is less than significant; and certifies that it adopted the MND at the close of its public hearing.
2. Certifies that it adopted the MMRP for the Project incorporated in the MND at the close of its public hearing, pursuant to section 21081.6 of the Public Resources Code, and finds that the MMRP is adequately designed to ensure compliance with the mitigation measures during project implementation.
3. Approves Vesting Tentative Tract Map No. 070854-(5) subject to the attached conditions.

**CONDITIONS OF APPROVAL
VESTING TENTATIVE TRACT MAP NUMBER TR070854-(5)**

1. This grant for Vesting Tentative Tract Map No. 070854-(5) ("Vesting Map") authorizes the merger of two single-family lots into one multi-family lot for the construction of 18 attached condominium units within five detached buildings, guest parking, a children's play area, a barbeque, a trash enclosure, and landscaping, all subject to the following conditions of approval.
2. Except as modified herein, this approval is subject to the requirements of Title 21 (Subdivision Ordinance) and Title 22 (Zoning Ordinance) of the Los Angeles County Code ("County Code"); the R-3-DP (Limited Multiple Residence-Development Program) zone; and the East Pasadena-San Gabriel Community Standards District.
3. This approval is subject to all the conditions set forth in Conditional Use Permit No. 2008-00180-(5); to all the conditions set forth in the attached reports recommended by the Los Angeles County ("County") Subdivision Committee ("Subdivision Committee") that consists of the Department of Regional Planning ("Regional Planning"), Department of Public Works ("Public Works"), Fire Department ("Fire"), Department of Parks and Recreation ("Parks and Recreation"), and the Department of Public Health ("Public Health"), which are incorporated herein by this reference; and the attached Mitigation Monitoring and Reporting Program ("MMRP"), which is included in the adopted Mitigated Negative Declaration ("MND") for the Project and incorporated herein by this reference as if set forth fully herein.
4. Recordation of the final map is contingent upon approval of General Plan Amendment No. 2008-00010-(5) and Zone Change No. 2008-00008-(5) by the County Board of Supervisors ("Board").
5. As used herein, the term "subdivider" shall include the property owner and any successor-in-interest, or any other person, corporation, or entity making use of this grant.
6. Unless otherwise apparent from the context, the "date of final approval" shall mean the date the County's action becomes effective pursuant to section 22.60.260 of the Zoning Ordinance.
7. The subdivider shall defend, indemnify, and hold harmless the County, its agents, officers, and employees from any claim, action, or proceeding against the County or its agents, officers, or employees to attack, set aside, void, or annul this permit approval, which action is brought within the applicable time period of Government Code sections 65009 and 66499.37, Public Resources Code section 21167, or other applicable limitation periods. The County shall notify the subdivider of any claim, action, or proceeding and the County shall reasonably cooperate in the defense. If the County fails to promptly notify the subdivider of

any claim, action, or proceeding, or if the County fails to reasonably cooperate in the defense, the subdivider shall not thereafter be responsible to defend, indemnify, or hold harmless the County.

8. In the event that any claim, action, or proceeding as described above is filed against the County, the subdivider shall within 10 days of the filing make an initial deposit with Regional Planning the amount of \$5,000, from which actual costs and expenses shall be billed and deducted for the purpose of defraying the costs or expenses involved in Regional Planning's cooperation in the defense, including but not limited to, depositions, testimony, and other assistance to the subdivider or the subdivider's counsel.

If during the litigation process, actual costs or expenses incurred reach 80 percent of the amount on deposit, the subdivider shall deposit additional funds sufficient to bring the balance up to the amount of \$5,000. There is no limit to the number of supplemental deposits that may be required prior to completion of the litigation.

At the sole discretion of the subdivider, the amount of an initial or supplemental deposit may exceed the minimum amounts defined herein.

Additionally, the cost for collection and duplication of records and other related documents shall be paid by the subdivider in accordance with County Code section 2.170.010.

9. Within three days of the date of final approval of this grant, the subdivider shall remit processing fees payable to the County of Los Angeles in connection with the filing and posting of a Notice of Determination ("NOD") for this project and its entitlements in compliance with section 21152 of the Public Resources Code. Unless a Certificate of Exemption is issued by the California Department of Fish and Wildlife pursuant to section 711.4 of the Fish and Game Code, the subdivider shall pay the fees in effect at the time of filing of the NOD, as provided for in section 711.4 of the Fish and Game Code, currently \$2,256.25 (\$2,181.25 for an MND plus a \$75 processing fee). No land use project subject to this requirement is final, vested, or operative until the fee is paid.
10. Prior to the use of this grant, the subdivider shall submit evidence that the MMRP, the conditions of this grant, and the conditions of the associated CUP have been recorded in the office of the County Registrar-Recorder/County Clerk ("Recorder") and that all fees as required by Condition Nos. 8, 9, and 12 have been paid.
11. This grant shall not be effective for any purpose and may not be used until the subdivider, and the owner of the subject property, if other than the subdivider, have filed at the office of Regional Planning their affidavit stating that they are aware of and agree to accept all of the conditions of this grant, and that the conditions of the grant have been recorded as required by Condition No. 10, and

until all required monies have been paid pursuant to Condition Nos. 8 and 9. Notwithstanding the foregoing, this Condition No. 11 and Condition Nos. 7, 8, 9, 10, and 12 shall be effective immediately upon the date of final approval of this grant by the County.

12. The subdivider shall deposit the sum of \$6,000 with Regional Planning within 30 days of the date of final approval of this grant to defray the cost of reviewing the subdivider's reports and verifying the information contained in the reports required by the MMRP. The subdivider shall replenish the mitigation monitoring account if necessary until all mitigation measures have been implemented and completed.
13. The subdivider shall comply with all mitigation measures identified in the MMRP, which are incorporated by this reference as if set forth fully herein.
14. Within 30 days of the date of final approval of this grant by the County, the subdivider shall record a covenant and agreement in the office of the Recorder, which is attached to the MMRP, and agrees to comply with the mitigation measures imposed by the MND for this project. Prior to recordation of the covenant, the subdivider shall submit a draft copy of the covenant and agreement to Regional Planning for review and approval. As a means of ensuring the effectiveness of the mitigation measures, the subdivider shall submit an annual MMRP to Regional Planning for approval or as required. The reports shall describe the status of the subdivider's compliance with the required mitigation measures.
15. The subdivider shall comply with all conditions of the CUP.
16. The subdivider shall comply with all requirements set forth in the attached conditions of approval from the Subdivision Committee, which include conditions from Public Works, Fire, Parks and Recreation, and Public Health.
17. Permission is granted to use modified street sections as shown on the Vesting Map, including developing of private drives, to the satisfaction of Public Works.
18. No grading permit shall be issued prior to the recordation of a final map unless the Director of Regional Planning ("Director") determines that the proposed grading conforms to the conditions of this grant and the conditions of the Vesting Map and CUP.
19. A final map is required for this land division. No parcel map is allowed.

PRIOR TO RECORDATION OF THE FINAL MAP

20. The subdivider shall submit a draft copy of the project covenants, conditions and restrictions ("CC&Rs"), and any other maintenance agreements or covenants, to Regional Planning for review and approval prior to final map approval. Those provisions in these documents required to be contained in the CC&Rs shall be

identified as such, and shall not be modified in any way without prior authorization from Regional Planning.

21. The subdivider shall provide at least 50 feet of street frontage on the final map.
22. The subdivider shall show Walnut Grove Avenue as a dedicated street on the final map.
23. The subdivider shall construct, or bond with Public Works to construct, driveway paving for the project's private driveways and fire lanes, to the satisfaction of Public Works.
24. The subdivider shall provide for the ownership and maintenance of the common and private driveways through a maintenance agreement, the project CC&Rs entered into by the owners of the lots in the subdivision, or through a homeowners association ("HOA") established for the subdivision. Any such agreement shall be recorded in the office of the Recorder. The subdivider shall submit a copy of any such agreement to Regional Planning for review and approval prior to its recordation.
25. The subdivision's private driveways shall be labeled on the final map as "Private Driveway and Fire Lane." The subdivider shall post all common driveways less than 26 feet in width with signs stating "No Parking-Fire Lane" and provide for continuous posting and enforcement of this restriction in the project's CC&Rs or in a maintenance agreement. The subdivider shall submit a copy of the CC&Rs or maintenance agreement to Regional Planning for approval prior to final map recordation.
26. The subdivider shall provide reciprocal easements for ingress and egress over shared or common driveways throughout the subdivision. The instrument documenting these reciprocal easements shall be recorded in the office of the Recorder. The subdivider shall submit a copy of the instrument to Regional Planning for review and approval prior to final map recordation.
27. The subdivider shall use the standard condominium note on the final map.
28. The subdivider shall provide in the CC&Rs that an HOA shall be responsible for ensuring removal of graffiti or other extraneous markings, drawings, or signage not permitted as part of the Project, and the CC&Rs shall detail a method for removal of the graffiti or extraneous markings. The graffiti removal protocol shall include, but shall not be limited to, the requirement that in the event such extraneous markings occur, the HOA shall remove or cover said markings, drawings, or signage within 24 hours of such occurrence, weather permitting and that paint utilized in covering such markings shall be of a color that matches, as closely as possible, the color of the adjacent surfaces.

29. The subdivider shall remove all existing structures on the Project site. The subdivider shall submit a copy of the demolition permit to remove these structures, or other proof of their removal, prior to final map approval, to the satisfaction of Regional Planning.
30. As required by section 21.32.195 of the County Code, the subdivider shall plant at least nine trees of a non-invasive species throughout the landscaped and common areas of the Project site. The location and the species of said trees shall be incorporated into the site plan or a landscaping plan. Prior to recordation of the final map, the landscaping plan or site plan must be approved by the Director, and the subdivider shall post a bond with Public Works or submit other verification to the satisfaction of the Director to ensure planting of the required trees.
31. Pursuant to Chapter 22.72 of the County Code, prior to the issuance of any building permit, the subdivider shall pay a fee to the Los Angeles County Librarian in the amount required by section 22.72.030 of the County Code that is in effect at the time of payment. The current amount is \$14,670. Questions regarding fee payment can be directed to the County Librarian at (562) 940-8430. The subdivider shall provide proof of payment upon request of Regional Planning.
32. No grading permit may be issued prior to final map recordation unless otherwise authorized by the Directors of Regional Planning and Public Works.
33. The project shall comply with the County's green building, drought-tolerant landscaping, and low-impact development ordinances. All future development on the site shall also comply with said regulations.

Mitigation Monitoring and Reporting Program (pages 1-2)
Subdivision Committee Reports (pages 1-18)

MITIGATION MONITORING PROGRAM (MMP)
PROJECT NO. TR070854

Mitigation Measure	Action Required	When Monitoring to Occur	Responsible Agency or Party	Monitoring Agency or Party
Traffic 1. Traffic impact fees are required to be paid by the applicant to the City of San Gabriel. Any and all necessary traffic control measures and improvements related to the project shall be coordinated between the City of San Gabriel and Los Angeles County Public Works. 2. Any transportation of heavy construction equipment and/or materials, which requires the use of oversized-transport vehicles on State highways (i.e. Rosemead Blvd., etc.), will require a Caltrans transportation permit. Such large size truck trips shall be limited to off-peak commute hours. Contact Jonathan Palacio at (213) 897-3747 for information, record number 110718JP.	Payment to the City of San Gabriel, and deposit fees for implementation of MMP to the County for review and initiation of Traffic mitigation measure, to be paid prior to recordation of final map.	Monitoring to occur prior to and during construction.	Applicant responsible for contacting monitoring agencies, for payment and deposit of all fees, and for implementing required measures as directed.	Los Angeles County Departments of Regional Planning, Public Works, City of San Gabriel and CalTrans
Recycling 3. Construction, demolition, and grading projects in the Los Angeles County's unincorporated areas are required to recycle or reuse a minimum of 50 percent of the construction and demolition debris generated by weight per the Los Angeles County's Construction and Demolition Debris Recycling and Reuse Ordinance. A Recycling and Reuse Plan, which also depicts provision of an adequate storage area for collection and removal of recyclable materials and any green waste materials, must be submitted to and approved by Public Works' Environmental Programs Division before a construction, demolition, or grading permit may be issued. Contact Public Works at (626) 458-3524.	Deposit fees for implementation of MMP to the County for review and initiation of Recycling measure, to be paid prior to recordation of final map.	Monitoring to occur prior to issuance of demolition, construction or grading permits.	Applicant responsible for contacting monitoring agencies, for payment and deposit of all fees, and for implementing required measures as directed.	Los Angeles County Departments of Regional Planning, Public Works (Environmental Programs Division), Fire Department (Fire Prevention Division) if directed to by Public Works

MITIGATION MONITORING PROGRAM (MMP)
PROJECT NO. TR070854

Mitigation Measure	Action Required	When Monitoring to Occur	Responsible Agency or Party	Monitoring Agency or Party
Library Mitigation Fees				
4. The applicant will be required to pay library facilities mitigation fees at the time the building permits for the project are issued. The proposed project is located in the Library's Planning Area 3 (West San Gabriel). The current mitigation fee for this area, which is adjusted annually based on changes in the Consumer Price Index, is \$815 per residential unit. Therefore, the applicant would be required to pay a mitigation fee of \$14,670 (\$815 x 18 residential units). The actual fee obligation for this project may be higher because the fee per residential unit will be that in effect at the time the building permits are issued.	Deposit fees for implementation of MMP to the County, for review and initiation of Library Mitigation Fees, to be paid prior to recordation of final map.	Monitoring to occur prior to issuance of building permits.	Applicant responsible for contacting monitoring agencies, for payment and deposit of all fees, and for implementing required measures as directed	Los Angeles County Departments of Regional Planning and County Library
Mitigation Compliance				
5. As a means of ensuring compliance of all above mitigation measures, the applicant is responsible for submitting an annual mitigation compliance report to the DRP for review and responsible for replenishing the mitigation monitoring account, if necessary, until such time as all mitigation measures have been implemented and completed.	Submittal and approval of annual Mitigation Compliance Report, replenishment of deposit for Mitigation Monitoring account is necessary until such time as all mitigation measures have been implemented and completed.	Annually	Applicant responsible for submitting annual mitigation compliance report to DRP, for payment and deposit of all fees, and for implementing required measures as directed	Los Angeles County Dept. of Regional Planning
6. Any unused portion of the deposit in the applicant's established mitigation monitoring account, upon satisfactory completion of the mitigation monitoring program, will be refunded to the applicant.				

COUNTY OF LOS ANGELES
DEPARTMENT OF PUBLIC WORKS
LAND DEVELOPMENT DIVISION – SUBDIVISION
TRACT NO. 70854 (Rev.)

Page 1/3

TENTATIVE MAP DATED 12-07-2010
EXHIBIT MAP DATED 12-07-2010

The following reports consisting of 11 pages are the recommendations of Public Works. The subdivision shall conform to the design standards and policies of Public Works, in particular, but not limited to the following items:

1. Details and notes shown on the tentative map are not necessarily approved. Any details or notes which may be inconsistent with requirements of ordinances, general conditions of approval, or Department policies must be specifically approved in other conditions, or ordinance requirements are modified to those shown on the tentative map upon approval by the Advisory agency.
2. Easements are tentatively required, subject to review by the Director of Public Works to determine the final locations and requirements.
3. Easements shall not be granted or recorded within areas proposed to be granted, dedicated, or offered for dedication for public streets, highways, access rights, building restriction rights, or other easements until after the final map is filed with the Registrar-Recorder/County Clerk's Office. If easements are granted after the date of tentative approval, a subordination must be executed by the easement holder prior to the filing of the final map.
4. In lieu of establishing the final specific locations of structures on each lot/parcel at this time, the owner, at the time of issuance of a grading or building permit, agrees to develop the property in conformance with the County Code and other appropriate ordinances such as the Building Code, Plumbing Code, Grading Ordinance, Highway Permit Ordinance, Mechanical Code, Zoning Ordinance, Undergrounding of Utilities Ordinance, Water Ordinance, Sanitary Sewer and Industrial Waste Ordinance, Electrical Code, and Fire Code. Improvements and other requirements may be imposed pursuant to such codes and ordinances.
5. All easements existing at the time of final map approval must be accounted for on the approved tentative map. This includes the location, owner, purpose, and recording reference for all existing easements. If an easement is blanket or indeterminate in nature, a statement to that effect must be shown on the tentative map in lieu of its location. If all easements have not been accounted for, submit a corrected tentative map to the Department of Regional Planning for approval.

TENTATIVE MAP DATED 12-07-2010
EXHIBIT MAP DATED 12-07-2010

6. Adjust, relocate, and/or eliminate lot lines, lots, streets, easements, grading, geotechnical protective devices, and/or physical improvements to comply with ordinances, policies, and standards in effect at the date the County determined the application to be complete all to the satisfaction of Public Works.
7. Prior to final approval of the tract map submit a notarized affidavit to the Director of Public Works, signed by all owners of record at the time of filing of the map with the Registrar-Recorder/County Clerk's Office, stating that any proposed condominium building has not been constructed or that all buildings have not been occupied or rented and that said building will not be occupied or rented until after the filing of the map with the Registrar-Recorder/County Clerk's Office.
8. Place standard condominium notes on the final map to the satisfaction of Public Works.
9. Label driveways and multiple access strips as "Private Driveway and Fire Lane" and delineate on the final map to the satisfaction of Public Works.
10. Reserve reciprocal easements for drainage, ingress/egress, sewer, water, utilities, right to grade, and maintenance purposes, etc., in documents over the common private driveways to the satisfaction of Public Works.
11. Quitclaim or relocate easements running through proposed structures.
12. Remove existing buildings prior to final map approval. Demolition permits are required from the Building and Safety office.
13. A final tract map must be processed through the Director of Public Works prior to being filed with the Registrar-Recorder/County Clerk's Office.
14. Prior to submitting the tract map to the Director of Public Works for examination pursuant to Section 66442 of the Government Code, obtain clearances from all affected Departments and Divisions, including a clearance from the Subdivision Mapping Section of the Land Development Division of Public Works for the following mapping items; mathematical accuracy; survey analysis; and correctness of certificates, signatures, etc.
15. A final guarantee will be required at the time of filing of the final map with the Registrar-Recorder/County Clerk's Office.

LAND DEVELOPMENT DIVISION – SUBDIVISION
TRACT NO. 70854 (Rev.)

Page 3/3

TENTATIVE MAP DATED 12-07-2010
EXHIBIT MAP DATED 12-07-2010

16. Within 30 days of the approval date of this land use entitlement or at the time of first plan check submittal, the applicant shall deposit the sum of \$2,000 (Minor Land Divisions) or \$5,000 (Major Land Divisions) with Public Works to defray the cost of verifying conditions of approval for the purpose of issuing final map clearances. This deposit will cover the actual cost of reviewing conditions of approval for Conditional Use Permits, Tentative Tract and Parcel Maps, Vesting Tentative Tract and Parcel Maps, Oak Tree Permits, Specific Plans, General Plan Amendments, Zone Changes, CEQA Mitigation Monitoring Programs and Regulatory Permits from State and Federal Agencies (Fish and Game, USF&W, Army Corps, RWQCB, etc.) as they relate to the various plan check activities and improvement plan designs. In addition, this deposit will be used to conduct site field reviews and attend meetings requested by the applicant and/or his agents for the purpose of resolving technical issues on condition compliance as they relate to improvement plan design, engineering studies, highway alignment studies and tract/parcel map boundary, title and easement issues. When 80% of the deposit is expended, the applicant will be required to provide additional funds to restore the initial deposit. Remaining balances in the deposit account will be refunded upon final map recordation.
17. Contribute to the City of San Gabriel a Traffic Impact Fee of \$18,480.00 or pay the required traffic fee to the satisfaction of the City of San Gabriel.

Subdivision Committee Report

VTTM No. TR070854-(5)

Page 6 of 18

COUNTY OF LOS ANGELES
DEPARTMENT OF PUBLIC WORKS
LAND DEVELOPMENT DIVISION – GRADING
TRACT MAP NO. 70854

Page 1/1

TENTATIVE MAP DATED 12-07-2010
EXHIBIT MAP DATED 12-07-2010

The subdivision shall conform to the design standards and policies of Public Works, in particular, but not limited to the following items:

REQUIREMENTS PRIOR TO GRADING PLAN APPROVAL:

1. Provide approval of:
 - a. The latest drainage concept/hydrology/Standard Urban Stormwater Mitigation Plan (SUSMP)/Low Impact Development (LID) plan (if applicable) by the Storm Drain and Hydrology Section of Land Development Division.
 - b. The grading plan by the Geotechnical & Materials Engineering Division (GMED).
 - c. Permits and/or letters of non-jurisdiction from all State and Federal Agencies, as applicable. These agencies may include, but may not be limited to the State of California Regional Water Quality Control Board, State of California Department of Fish and Game, State of California Department of Conservation, Division of Oil, Gas, and Geothermal Resources (DOGGR), and the Army Corps of Engineers.

REQUIREMENTS PRIOR TO FINAL MAP RECORDATION:

2. Submit a grading plan for approval. The grading plan must show and call out the following items, including but not limited to: construction of all drainage devices and details, paved driveways, elevation and drainage of all pads, SUSMP and LID devices (if applicable), and any required landscaping and irrigation not within a common area or maintenance easement. Acknowledgement and/or approval from all easement holders may be required.
3. A maintenance agreement or CC&Rs may be required for all privately maintained drainage devices, slopes, and other facilities.

TENTATIVE MAP DATED 12-07-2010
EXHIBIT MAP DATED 12-07-2010

The subdivision shall conform to the design standards and policies of Public Works, in particular, but not limited to the following items:

1. Dedicate right of way 40 feet from centerline on Walnut Grove Avenue. Ten feet of additional right of way is required beyond the existing right of way line.
2. Dedicate the right to restrict vehicular access on Walnut Grove Avenue along the property frontage.
3. Close any unused driveway with standard curb, gutter, and sidewalk along the property frontage on Walnut Grove Avenue to the satisfaction of Public Works.
4. Construct the proposed driveway apron to meet current Americans with Disabilities Act (ADA) requirements to the satisfaction of Public Works
5. If necessary to meet ADA requirements, dedicate additional right of way to provide a pedestrian path along the proposed driveway to the satisfaction of Public Works.
6. Construct full width sidewalk along the property frontage on Walnut Grove Avenue to the satisfaction of Public Works.
7. Relocate or remove the existing wood fencing from within the public right of way.
8. Repair any damaged improvements during construction along the property frontage on Walnut Grove Avenue to the satisfaction of Public Works and the City of San Gabriel.
9. Plant street trees along property frontage on Walnut Grove Avenue to the satisfaction of Public Works. Existing trees in dedicated or to be dedicated right of way shall be removed and replaced if not acceptable as street trees.
10. Underground all new utility lines to the satisfaction of Public Works and Southern California Edison. Please contact Construction Division at (626) 458-3129 for new location of any above ground utility structure in the parkway.
11. Prepare detailed signing and striping plans (scale 1" = 40') for Walnut Grove Avenue along the property frontage to the satisfaction of Public Works and City of San Gabriel.
12. Construct curb, gutter, base, and pavement along the property frontage along Walnut Grove Avenue commensurate with a secondary highway to the satisfaction of Public Works and City of San Gabriel.

13. Construct transition pavement and reconstruct offsite driveways to the satisfaction of Public Works and City of San Gabriel.
14. Prior to final map approval, enter into an agreement with the County franchised cable TV operator (if an area is served) to permit the installation of cable in a common utility trench to the satisfaction of Public Works; or provide documentation that steps to provide cable TV to the proposed subdivision have been initiated to the satisfaction of Public Works.
15. Comply with the following street lighting requirements:
 - a. Provide street lights on concrete poles with underground wiring along the property frontage on Walnut Grove Avenue to the satisfaction of Public Works. Submit street lighting plans along with existing and/or proposed underground utilities plans as soon as possible for review and approval to the Street Lighting Section of the Traffic and Lighting Division. For additional information, please contact the Street Lighting Section at (626) 300-4726.
 - b. The proposed development is within an existing Lighting District. It is the sole responsibility of the owner of the project to have all street lighting plans approved prior to the issuance of building permits. The installation must be accepted by the Lighting District per approved plans prior to issuance of a Certificate of Occupancy. For acceptance of street light transfer of billing, all street lights in the development, or the current phase of the development, must be constructed according to Public Works approved plans. The contractor shall submit one complete set of "as-built" plans. Provided the above conditions are met, the Lighting District can assume responsibility for the operation and maintenance of the street lights by July 1 of any given year, provided all street lights in the development, or the current phase of the development, have been energized, and the developer has requested a transfer of billing at least by January 1 of the previous year. The transfer of billing could be delayed one or more years if the above conditions are not met.

LAND DEVELOPMENT DIVISION - SEWER
TRACT NO. 070854 (Rev.)

Page 1/1

TENTATIVE MAP DATED 12-07-2010
EXHIBIT MAP DATED 12-07-2010

The subdivision shall conform to the design standards and policies of Public Works, in particular, but not limited to the following items:

1. If necessary, the subdivider shall install and dedicate main line sewers and serve each building with a separate house lateral or have approved and bonded sewer plans on file with Public Works. If a sewer mainline will not be proposed, obtain approval from the Los Angeles County Sanitation District for connection of five (5) sewer house laterals to the sewers trunk line.
2. The subdivider shall install separate house laterals to serve each building in the land division.
3. The subdivider shall submit supporting calculations to Public Works to confirm capacity is available in the proposed sewerage system servicing this land division.
4. The subdivider shall send a print of the land division map to the County Sanitation District with a request for annexation. The request for annexation must be approved prior to final map approval.
5. If a sewer main line is installed, easements are required, subject to review by Public Works to determine the final locations and requirements.

TENTATIVE MAP DATED 12-07-2010
EXHIBIT MAP DATED 12-07-2010

The subdivision shall conform to the design standards and policies of Public Works, in particular, but not limited to the following items:

1. A water system maintained by the water purveyor, with appurtenant facilities to serve all buildings in the land division, must be provided. The system shall include fire hydrants of the type and location (both on-site and off-site) as determined by the Fire Department. The water mains shall be sized to accommodate the total domestic and fire flows.
2. There shall be filed with Public Works a statement from the water purveyor indicating that the water system will be operated by the purveyor, and that under normal conditions, the system will meet the requirements for the land division, and that water service will be provided to each building.
3. Submit landscape and irrigation plans for the common area in the land division, with landscape area greater than 2,500 square feet, in accordance with the Water Efficient Landscape Ordinance.
4. Submit landscape and irrigation plans for the common area in the land division, with landscape area greater than 2,500 square feet, in accordance with the Water Efficient Landscape Ordinance.
5. Install a separate water irrigation systems for recycled water use per landscape plans.

CONDITIONS OF APPROVAL FOR SUBDIVISION - UNINCORPORATED

Subdivision No: TR 70854

Map Date: December 07, 2010 - Ex A

C.U.P. _____

Vicinity 0176D

- ☐ **FIRE DEPARTMENT HOLD** on the tentative map shall remain until verification from the Los Angeles County Fire Dept. Planning Section is received, stating adequacy of service. Contact (323) 881-2404.
- ☒ Access shall comply with Title 21 (County of Los Angeles Subdivision Code) and Section 503 of the Fire Code, which requires all weather access. All weather access may require paving.
- ☒ Fire Department access shall be extended to within 150 feet distance of any exterior portion of all structures.
- ☒ Where driveways extend further than 150 feet and are of single access design, turnarounds suitable for fire protection equipment use shall be provided and shown on the final map. Turnarounds shall be designed, constructed and maintained to insure their integrity for Fire Department use. Where topography dictates, turnarounds shall be provided for driveways that extend over 150 feet in length.
- ☒ The private driveways shall be indicated on the final map as "Private Driveway and Firelane" with the widths clearly depicted. Driveways shall be maintained in accordance with the Fire Code.
- ☒ Vehicular access must be provided and maintained serviceable throughout construction to all required fire hydrants. All required fire hydrants shall be installed, tested and accepted prior to construction.
- ☐ This property is located within the area described by the Fire Department as "Very High Fire Hazard Severity Zone" (formerly Fire Zone 4). A "Fuel Modification Plan" shall be submitted and approved prior to final map clearance. (Contact: Fuel Modification Unit, Fire Station #32, 605 North Angeleno Avenue, Azusa, CA 91702-2904, Phone (626) 969-5205 for details).
- ☒ Provide Fire Department or City approved street signs and building access numbers prior to occupancy.
- ☐ Additional fire protection systems shall be installed in lieu of suitable access and/or fire protection water.
- ☐ The final concept map, which has been submitted to this department for review, has fulfilled the conditions of approval recommended by this department for access only.
- ☐ These conditions must be secured by a C.U.P. and/or Covenant and Agreement approved by the County of Los Angeles Fire Department prior to final map clearance.
- ☐ The Fire Department has no additional requirements for this division of land.

Comments: Access as shown on the Exhibit Map is adequate.

By Inspector: Juan C. Padilla

Date January 4, 2011

Land Development Unit – Fire Prevention Division – (323) 890-4243, Fax (323) 890-9783

COUNTY OF LOS ANGELES FIRE DEPARTMENT

5823 Rickenbacker Road
Commerce, California 90040

WATER SYSTEM REQUIREMENTS - UNINCORPORATED

Subdivision No: TR 70854 Map Date: December 07, 2010 - Ex A

Revised Report yes

- ☐ The County Forester and Fire Warden is prohibited from setting requirements for water mains, fire hydrants and fire flows as a condition of approval for this division of land as presently zoned and/or submitted. However, water requirements may be necessary at the time of building permit issuance.
- ☒ The required fire flow for public fire hydrants at this location is 2000 gallons per minute at 20 psi for a duration of 2 hours, over and above maximum daily domestic demand. 2 Hydrant(s) flowing simultaneously may be used to achieve the required fire flow.
- ☒ The required fire flow for private on-site hydrants is 1250 gallons per minute at 20 psi. Each private on-site hydrant must be capable of flowing 1250 gallons per minute at 20 psi with two hydrants flowing simultaneously, one of which must be the furthest from the public water source.
- ☒ Fire hydrant requirements are as follows:
- Install 1 public fire hydrant(s). Upgrade / Verify existing public fire hydrant(s).
- Install 1 private on-site fire hydrant(s).
- ☒ All hydrants shall measure 6"x 4"x 2-1/2" brass or bronze, conforming to current AWWA standard C503 or approved equal. All on-site hydrants shall be installed a minimum of 25' feet from a structure or protected by a two (2) hour rated firewall.
- ☒ Location: As per map on file with the office.
- ☒ Other location: See EXHIBIT MAP for exact location of required fire hydrants.
- ☒ All required fire hydrants shall be installed, tested and accepted or bonded for prior to Final Map approval. Vehicular access shall be provided and maintained serviceable throughout construction.
- ☐ The County of Los Angeles Fire Department is not setting requirements for water mains, fire hydrants and fire flows as a condition of approval for this division of land as presently zoned and/or submitted.
- ☒ Additional water system requirements will be required when this land is further subdivided and/or during the building permit process.
- ☐ Hydrants and fire flows are adequate to meet current Fire Department requirements.
- ☐ Fire hydrant upgrade is not necessary, if existing hydrant(s) meet(s) fire flow requirements. Submit original water availability form to our office.

Comments: Per the fire flow test performed by San Gabriel County Water District dated 08-07-09, the water availability is adequate but the fire hydrant spacing DOES NOT comply with the minimum lot frontage coverage requirement. Therefore, a new public fire hydrant is required. Due to the depth of the lot, a private on-site fire hydrant is required. See Exhibit Map for location of required fire hydrants.

All hydrants shall be installed in conformance with Title 20, County of Los Angeles Government Code and County of Los Angeles Fire Code, or appropriate city regulations. This shall include minimum six-inch diameter mains. Arrangements to meet these requirements must be made with the water purveyor serving the area.

LOS ANGELES COUNTY
DEPARTMENT OF PARKS AND RECREATION
PARK OBLIGATION REPORT

Tentative Map #	70854	DRP Map Date: 12/07/2010	SCM Date: 01/06/2011	Report Date: 12/13/2010
Park Planning Area #	42	WEST SAN GABRIEL VALLEY	Map Type: REV. (REV RECD)	

Total Units = Proposed Units + Exempt Units

Sections 21.24.340, 21.24.350, 21.28.120, 21.28.130, and 21.28.140, the County of Los Angeles Code, Title 21, Subdivision Ordinance provide that the County will determine whether the development's park obligation is to be met by:

- 1) the dedication of land for public or private park purpose or,
- 2) the payment of in-lieu fees or,
- 3) the provision of amenities or any combination of the above.

The specific determination of how the park obligation will be satisfied will be based on the conditions of approval by the advisory agency as recommended by the Department of Parks and Recreation.

Park land obligation in acres or in-lieu fees:

ACRES:	0.17
IN-LIEU FEES:	\$69,623

Conditions of the map approval:

The park obligation for this development will be met by:

The payment of \$69,623 in-lieu fees.

Trails:

No trails.

Comments:

Proposed development of 18 new condominium units.

***Advisory:

The Representative Land Values (RLVs) in Los Angeles County Code (LACC) Section 21.28.140 are used to calculate park fees and are adjusted annually, based on changes in the Consumer Price Index. The new RLVs become effective July 1st of each year and may apply to this subdivision map if first advertised for hearing before either a hearing officer or the Regional Planning Commission on or after July 1st pursuant to LACC Section 21.28.140, subsection 3. Accordingly, the park fee in this report is subject to change depending upon when the subdivision is first advertised for public hearing.

Please contact Clement Lau at (213) 351-5120 or Sheela Mathal at (213) 351-5121, Department of Parks and Recreation, 510 South Vermont Avenue, Los Angeles, CA 90020 for further information or to schedule an appointment to make an in-lieu fee payment.

For information on Hiking and Equestrian Trail requirements, please contact the Trails Coordinator at (213) 351-5134.

DEPARTMENT OF PARKS AND RECREATION
PARK OBLIGATION WORKSHEET**

Tentative Map #	70854	DRP Map Date: 12/07/2010	SMC Date: 01/06/2011	Report Date: 12/13/2010
Park Planning Area #	42	WEST SAN GABRIEL VALLEY		Map Type: REV. (REV RECD)

The formula for calculating the acreage obligation and or in-lieu fee is as follows:

$$(P) \text{ people} \times (0.003) \text{ Ratio} \times (U) \text{ units} = (X) \text{ acres obligation}$$

$$(X) \text{ acres obligation} \times \text{RLV/Acre} = \text{In-Lieu Base Fee}$$

- Where: P = Estimate of number of People per dwelling unit according to the type of dwelling unit as determined by the 2000 U.S. Census*. Assume * people for detached single-family residences; Assume * people for attached single-family (townhouse) residences, two-family residences, and apartment houses containing fewer than five dwelling units; Assume * people for apartment houses containing five or more dwelling units; Assume * people for mobile homes.
- Ratio = The subdivision ordinance provides a ratio of 3.0 acres of park land for each 1,000 people generated by the development. This ratio is calculated as "0.0030" in the formula.
- U = Total approved number of Dwelling Units.
- X = Local park space obligation expressed in terms of acres.
- RLV/Acre = Representative Land Value per Acre by Park Planning Area.

Total Units = Proposed Units + Exempt Units

	People*	Ratio 3.0 Acres / 1000 People	Number of Units	Acre Obligation
Detached S.F. Units	2.98	0.0030	0	0.00
M.F. < 5 Units	3.23	0.0030	18	0.17
M.F. >= 5 Units	2.40	0.0030	0	0.00
Mobile Units	2.35	0.0030	0	0.00
Exempt Units			0	
Total Acre Obligation =				0.17

Park Planning Area = 42 WEST SAN GABRIEL VALLEY

PARK OBLIGATION WORKSHEET**

Tentative Map #	70854	DRP Map Date: 12/07/2010	SMC Date: 01/06/2011	Report Date: 12/13/2010
Park Planning Area #	42	WEST SAN GABRIEL VALLEY		Map Type: REV. (REV RECD)

The formula for calculating the acreage obligation and or in-lieu fee is as follows:

$$(P) \text{ people} \times (0.003) \text{ Ratio} \times (U) \text{ nits} = (X) \text{ acres obligation}$$

$$(X) \text{ acres obligation} \times \text{RLV/Acre} = \text{In-Lieu Base Fee}$$

Where: P = Estimate of number of People per dwelling unit according to the type of dwelling unit as determined by the 2000 U.S. Census*. Assume * people for detached single-family residences; Assume * people for attached single-family (townhouse) residences, two-family residences, and apartment houses containing fewer than five dwelling units; Assume * people for apartment houses containing five or more dwelling units; Assume * people for mobile homes.

Ratio = The subdivision ordinance provides a ratio of 3.0 acres of park land for each 1,000 people generated by the development. This ratio is calculated as "0.0030" in the formula.

U = Total approved number of Dwelling Units.

X = Local park space obligation expressed in terms of acres.

RLV/Acre = Representative Land Value per Acre by Park Planning Area.

Total Units = Proposed Units + Exempt Units

	People*	Ratio 3.0 Acres / 1000 People	Number of Units	Acre Obligation
Detached S.F. Units	2.98	0.0030	0	0.00
M.F. < 5 Units	3.23	0.0030	18	0.17
M.F. >= 5 Units	2.40	0.0030	0	0.00
Mobile Units	2.35	0.0030	0	0.00
Exempt Units			0	
Total Acre Obligation =				0.17

Park Planning Area = 42 WEST SAN GABRIEL VALLEY

Ratio	Acre Obligation	RLV/Acre	In-Lieu Base Fee
@(0.0030)	0.17	\$409,548	\$69,623

Lot #	Provided Space	Provided Acres	Credit (%)	Acre Credit	Land
None					
Total Provided Acre Credit:				0.00	

Acre Obligation	Public Land Crdt.	Priv. Land Crdt.	Net Obligation	RLV/Acre	In-Lieu Fee Due
0.17	0.00	0.00	0.17	\$409,548	\$69,623

Tract Map No. 070854

Vicinity: San Gabriel

Tentative Tract Map Date: December 7, 2010

The Los Angeles County Department of Public Health – Environmental Health Division recommends approval of Vesting Tentative Tract Map 070854 based on the use of public water and public sewer as proposed. Any variation from the approved use of water supply and/or approved method of sewage disposal shall render this approval null and void.
